SUMMARY: The Department of Commerce (the Department) is aligning the final determination in the countervailing duty (CVD) investigation of utility scale wind towers (wind towers) from the People's Republic of China (PRC) with the final determination in the companion antidumping duty (AD) investigation.

DATES: *Effective Date:* June 22, 2012.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson or Patricia Tran, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, Room 4014, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202–482–4793 and 202–482–1503, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 18, 2012, the Department initiated the AD and CVD investigations of wind towers from the PRC.¹ On June 6, 2012, the Department published the preliminary affirmative CVD determination.² On June 7, 2012, the petitioner, the Wind Tower Trade Coalition,³ timely requested alignment of the deadline for the final CVD determination with the deadline for the final determination in the companion AD investigation, in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(4)(i) and 210(i). Because the AD and CVD investigations were initiated simultaneously and involve the same class or kind of merchandise from the same country, we are aligning the final deadlines in the two investigations. The final CVD and AD determinations will be issued no later than October 9, 2012, unless postponed.
